

Hazelbrook Rd at Jurgens Park

Project Description:

This project will improve access to Jurgens Park from the neighborhood to the south by installing a new crosswalk with a pedestrian-activated flashing beacon near the park entrance. The project will construct two new curb ramps, and remove or trim trees as required to improve visibility.

This project addresses

Neighborhood Safety

Project Schedule:

Planning and Outreach: January - February 2021

Design: February - April 2021

Construction: Summer 2021

- ✓ Flashing beacon increases likelihood drivers will yield to people waiting to cross
- ✓ Creates connection between neighborhood and Jurgens Park
