

67th / 68th Avenues Loop at Stoneridge Park

Project Description:

This project will improve roadway safety for people in the neighborhood. The local community will take the lead to define the problems and identify improvements that will work better for the community. Some potential improvements that could be implemented by this project include improving lighting, adding crosswalks, upgrading curb ramps, improving sidewalks, and providing additional parking. This project was suggested by community members through the Neighborhood Traffic Safety Program.

This project addresses
Neighborhood Safety

Project Schedule:

Public Engagement: Spring - Summer 2022

Design: Summer - Fall 2022

Construction: Spring 2023 - Fall 2023

- ✓ Improved safety for pedestrians
- ✓ Improved neighborhood connectivity
